“It is time for a renewed, nation-to-nation relationship with First Nations peoples.” Prime Minister Justin Trudeau

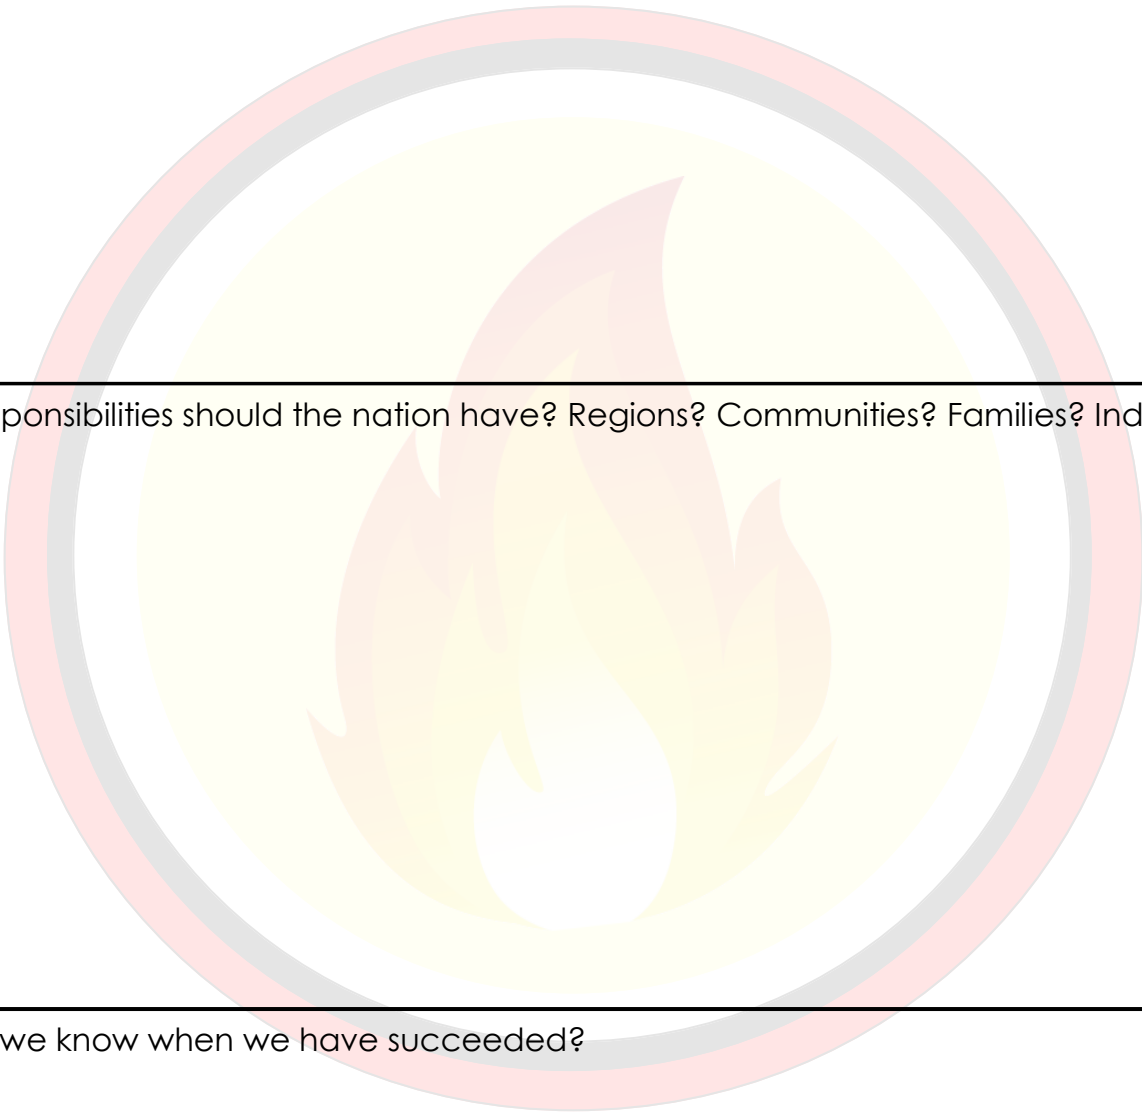

Your voice.

We are committed to working in unity to build up the Secwepemc nation and re-establish our traditional ways of governing ourselves. Every voice matters and we need to hear from you if we are to be successful in this goal. Please let us know what you think about Secwepemc governance and nation building.

What would working as a nation look like/feel like?

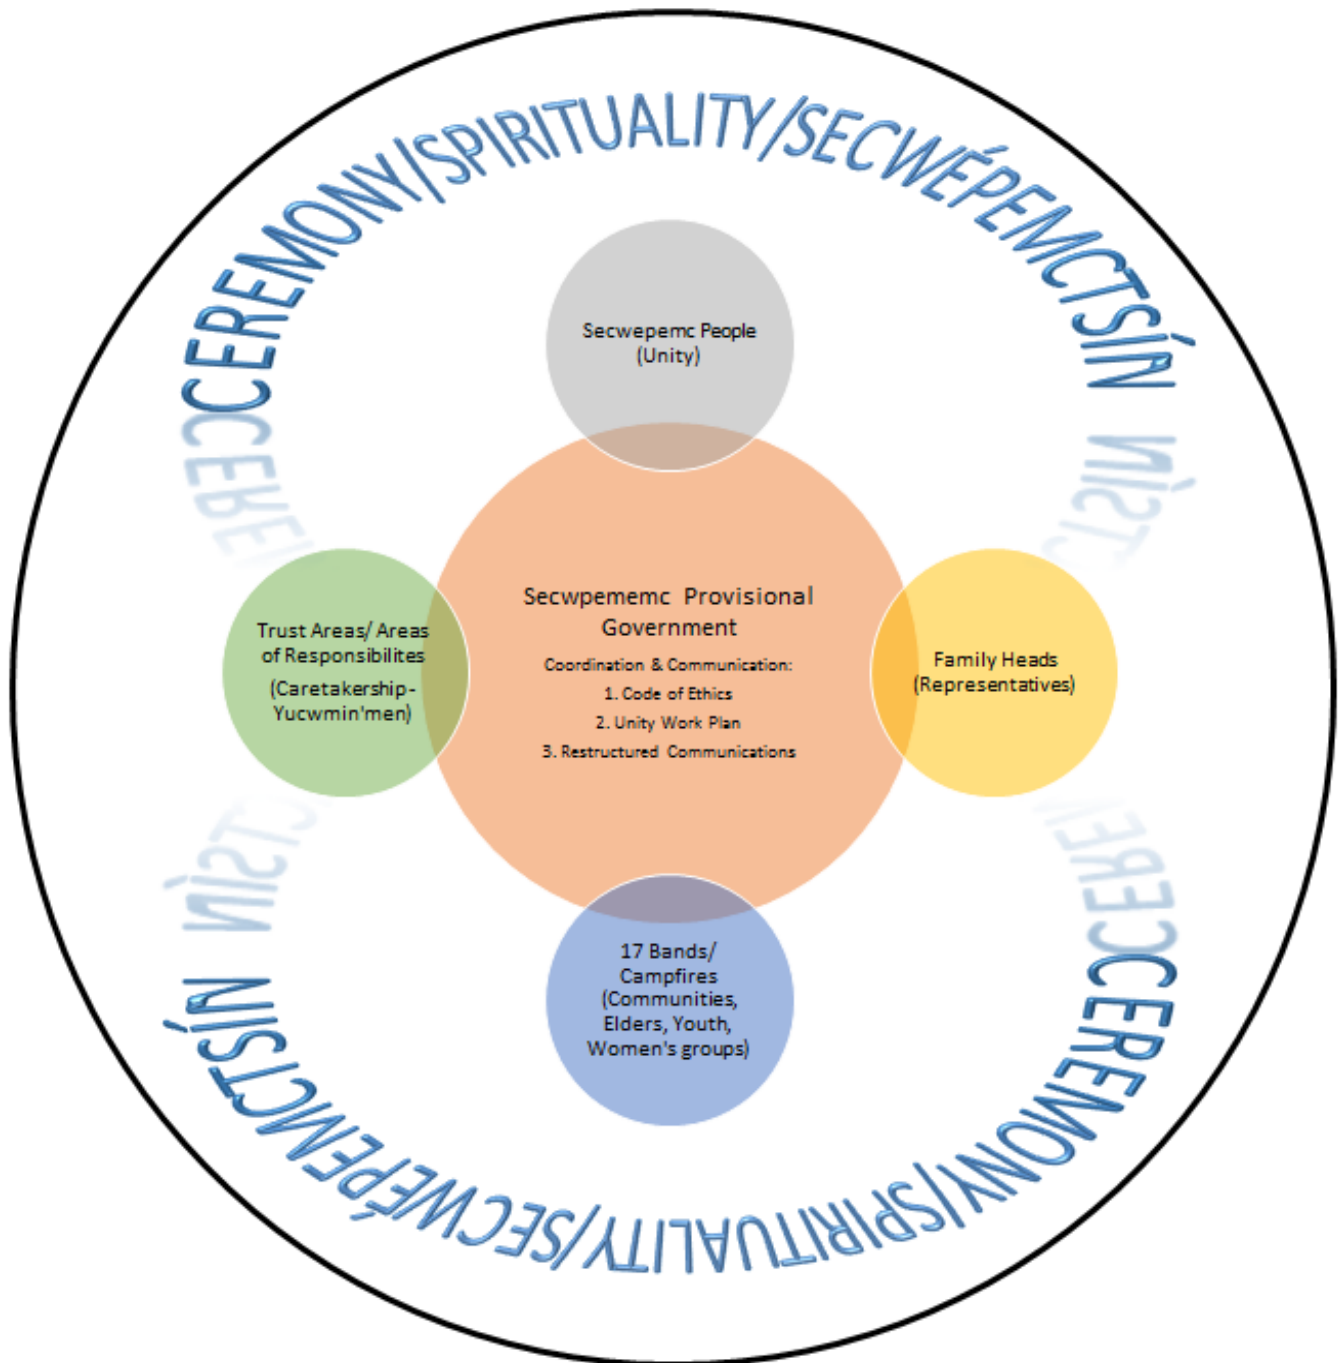

What responsibilities should the nation have? Regions? Communities? Families? Individuals?

How will we know when we have succeeded?

Are we on the right path?

This is our proposed governance model. The Secwepemc Provisional Government (middle circle) would be responsible for coordinating and supporting nation initiatives.

Would this be a step in the right direction? Is there anything missing you'd like to see?

If we were to enter into Nation-to-Nation discussions with Canada, what would your priority topics be?

- 1.
- 2.
- 3.
- 4.
